**REQUEST FOR CHANGE OF ADDRESS OR POWER OF ATTORNEY For
Multiple Applications via Telephone**

When receiving phone call concerning request for Change of Address or Power of Attorney for multiple applications, advise client to obtain information on acquiring a Customer Number from the USPTO website at www.USPTO.gov and entering search for Customer Number.

This can also be acquired by using the following direct link

<http://www.uspto.gov/ebc/digitalcert.htm>

There they may find the forms to obtain a Customer Number. Once this is done they may follow the instruction on using the Customer Number Upload Spreadsheet to update the Change of Address or the Power of Attorney for multiple applications.

Customer number uploads MUST be submitted via diskette or CD accompanied by a cover letter signed by the inventor, or one or more attorney or agent of record in each application or patent listed on the spreadsheet.

Mail your diskette/CD to:

Mail Stop EBC
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

After confirmation of a valid customer number(s), the diskette/CD will be checked for two criteria: data validity (correct application and /or patent number) and signature authorization. Applications that pass the two checks are uploaded. A subsequent upload report is generated and will be forwarded to client. Those applications that fail either test are listed in an error report and will also be forwarded to client as well.

RESPONSE TO REQUEST FOR CHANGE OF ADDRESS

The enclosed request for change of address has not been made because it requests the attorneys be changed for several applications. The request is has not been processed and a copy of the request is enclosed. An individual request is needed for each application.

The Office strongly recommends the use of a Customer Number. When a Customer Number is established, the process of changing address and attorney information becomes simplified. Rather than changing several applications individually, the Customer Number updates can automatically update attorney and address information for each case to which a Customer Number is associated. When updating address information in multiple applications through the use of a Customer Number, the request must be directed to the Electronic Business Center.

For more information about establishing a customer number, please contact the USPTO Electronic Business Center at (866) 217-9197. Application forms for a Customer Number are available on the USPTO website at www.uspto.gov.
